

ENOFORUM WEB CONTEST

Research showcases new findings to the global wine industry

GOALS

ENOFORUM WEB CONTEST

Enoforum Web Contest is a **worldwide initiative** aimed to:

- ✓ Promote **dialogue** on a global scale between scientific **research** and wine **production**
- ✓ Offer scientists an opportunity to receive worldwide **recognition**, within and **beyond** the academic community
- ✓ Inform **thousands of stakeholders** about the new findings of research → 
- ✓ Function as **trigger** event for the introduction of **innovation** in all wine regions

SCOPE

ENOFORUM WEB CONTEST

Its ambition is to **involve** in the same initiative **all actors of innovation** in the global wine sector:

- ✓ **RESEARCHERS** working in public centers and universities on viticulture, enology, wine economy
- ✓ **PRACTITIONERS** i.e. winemakers, agronomists, owners and managers
- ✓ **GOVERNANCE** i.e. institutions, associations, consortia interested in supporting innovation in wine industry

Global dimension
